

Parent Voices - Have your say, print and complete this page for your child's educator
 Help your child's educator implement sustainability that's reflective of their individual needs and interests. Hand this completed form to your child's educator.

Dear Educator,

As the parent/guardian of _____, in Room _____, I support the Backyard in a Box sustainability education program and encourage you to get these resources. These are covered by Long Day Care Professional Development Funding. If our centre isn't eligible for funding, did you know about the Backyard in a Box FUNdraising Project? We can raise funds to purchase the full Backyard in a Box program.

I want my child to learn about the following sustainability themes

(Please ✓ your preferences)

- Resource Recycling
- Worm Farming
- Composting
- Guinea Pigs
- Chickens
- Organic Gardening
- Water Recycling

Backyard in a Box integrates Therapeutic Lifestyle Choices. The TLC's I'd like my child to experience are

(Please ✓ your preferences)

- Exercise
- Nutrition and Diet
- Time in Nature
- Relationships
- Recreation
- Relaxation and Stress management
- Religious and spiritual
- Contribution and service

Backyard in a Box is Long Day Care Funding Approved which makes the resources FREE to eligible services.

Quality Area 3 Physical Environment
 Sustainable practices are embedded in service practice so that children are supported to become environmentally responsible and show respect for the environment.

Contact Backyard in a Box today to request an Educator Information Pack.

I believe the benefits to my child and the centre community will be enormous.
